

RECRUITING

Recruit the Right People for the
Right Reasons

Our commitment to quality recruiting starts with our unique hourly model. We operate without commissions, fees, or onerous contracts. The result is high-quality hires with an average cost-per-hire of 13%.

Quality over Quantity

Unlike those at an agency, our recruiters are never motivated by a commission or rushing to fill a seat. We take the time to understand your unique needs for a position, goals and team dynamics. We then carefully consider each candidate and submit those who will truly excel in the role.

Data-Driven Recruiting

Traditional interviewing and candidate selection tools only work about 50% of the time. We leverage scientifically validated selection tools to ensure you're hiring the right person for the long haul.

Augmenting Your Team with Customized Solutions

We tailor our services to meet each client's unique needs. We augment your talent acquisition team and position you for success.
